

matthew caldwell

music producer / artist / game dev

✉ matthew.thecaldwell06@gmail.com

Video games have shaped my life since before I can remember. My father's childhood games fueled my curiosity and creativity at a very young age, and the medium has continued to inspire me ever since. Titles like *Undertale*, *Outer Wilds*, *The Last of Us*, and countless others have helped define not only my career path, but also the person I am today.

EXPERIENCE

Learning Assistant

College of Science, GMU

AUGUST 2026 - PRESENT

Built a strong working relationship with a professor and was offered a role as a Learning Assistant for his future classes. Developing skills in proactive student support, explaining abstract concepts, and guiding students toward solutions independently.

Sales/Front Desk

TITLE Boxing Club, Fairfax

AUGUST 2024 - PRESENT

Responsible for maintaining the club and solving member's issues, as well as calling prospects to schedule trial classes and sell memberships. Improved my customer service skills and learned valuable sales skills.

Crew Member

McDonald's

OCTOBER 2022 - AUGUST 2024

Served various roles in taking and building orders in a fast paced environment. Learned efficient multi-tasking and conflict resolution.

EDUCATION

Game Design

School of Art, GMU

AUGUST 2024 - PRESENT

Develop and refine games through prototyping, playtesting, and iterative design using Unity and Unreal Engine. Create and implement sound and music, and produce 3D assets through modeling, texturing, rigging, animation, and in-engine implementation. Also experienced in 2D art and texture creation.

Music Technology, Minor

Dewberry School of Music, GMU

AUGUST 2026 - PRESENT

Pursuing further education in music theory, production, and mixing after developing practical experience through game jams and extracurricular projects. Expanding musical and technical skills to complement game development and interactive audio work.
